

Based on the results of the solid waste management survey conducted in the fall of 2020, and the time spent talking to residents in Grassy Lake, the Municipal District of Taber has decided on the most appropriate option that is scheduled to begin **Friday, February 12, 2021**.

Green For Life (GFL) has been contracted to deliver automated waste collection services for the residents of Grassy Lake. Those with a 2020 utility account will receive one (95 gallon / 360 litre) rollout cart at no additional cost. The carts are the property of the Municipal District of Taber and will receive a serial number assigned to your property address. If you sell your property or move, the cart must remain with the property.

This new service will continue every subsequent Friday to residents at the same rate of \$11.00 /per month per cart. The large blue, solid waste bins along the highway will be removed, but the organics and recycling trailers will remain.

HOW TO CLEAN MY CART

If your cart needs cleaning you can rinse it with a hose and pour the water on the grass or gravel. If material gets stuck inside the cart, you can use a broom or shovel handle to loosen it.

GRASSY LAKE CART ROLLOUT

THE WAY RESIDENTS SET OUT WASTE FOR COLLECTION IS CHANGING.

THANK YOU

Your participation in the Grassy Lake cart rollout is appreciated in ensuring a sustainable future for the MD of Taber.

If you did not receive a cart for your property and would like to receive one, please call the MD of Taber at 403-223-3541.

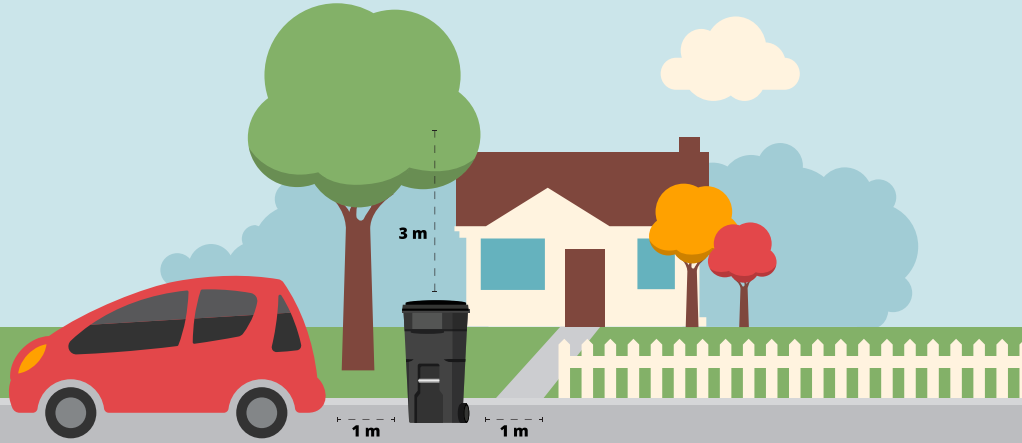

For more information, please visit us at mdtaber.ab.ca/p/waste-collection or call 403-223-3541 to answer any questions or concerns.

COLLECTION DAY

A minimum clearance of 1 m (3 ft) from fences, cars and other obstructions, and 3 m (10 ft) from any overhead obstructions is required.

BE SURE TO SET YOUR CARTS OUT BY 7 AM ON COLLECTION DAY.

CURBSIDE COLLECTION

Your new collection service is scheduled to begin **FRIDAY, FEBRUARY 12, 2021** and will continue every subsequent Friday.

Carts should be placed facing the street (cartwheels facing the home) with lids closed. Carts should be placed upright on level ground (not on a platform, sidewalk, or any other structure). Proper set out allows the automated trucks to collect the carts and place them back down as neatly as possible. Please remove carts from the street at your earliest convenience after they have been emptied.

DAMAGED OR MISSING CARTS

If your cart is missing or damaged, the property owner is responsible for replacing at their expense. To purchase a replacement call the MD of Taber at 403-223-3541.

OVERFILLED CARTS

- ✓ Cart contents must not exceed 220 lbs.
- ✓ Overfilled carts will not be collected.
- ✓ Extra waste can be taken to the Grassy Lake Landfill on Mondays, Wednesdays, and Saturdays from 10:00 am to 4:00 pm free of charge.

X Most items can be placed loose or in garbage bags in the cart. Below lists items that **DO NOT** go into the cart.

X Liquid wastes

X Burning wastes

X Chemical containers

X Animal carcasses

X Hazardous wastes

X Loose wire
