The South Central Alberta Regional (SCAR) Notification System was developed with many regional partners, including the Municipal District of Taber, the Town of Vauxhall, the Village of Barnwell, the RCMP, and the South Central Alberta Rural Crime Watch Association. Together, these partners work to ensure residents receive immediate alerts and important municipal communications in our region.
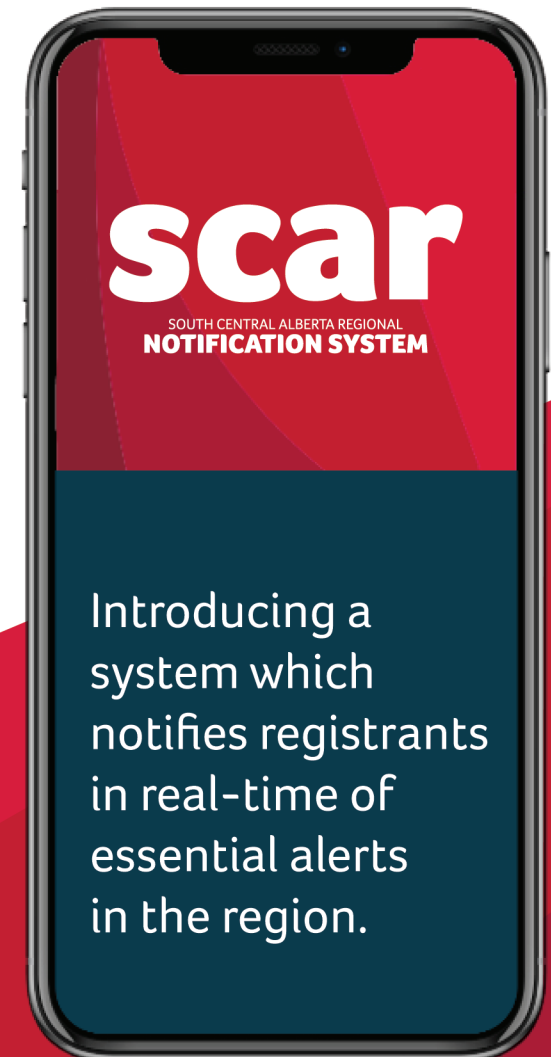

The SCAR Notification System is a FREE, automated communication tool designed to deliver real-time, critical alerts and essential information to registrants by way of text, e-mail, and voice messaging.

Registering with the SCAR Notification System also allows you to stay up-to-date with all the latest news, upcoming events, emergency and weather alert messages affecting the region from Canada's national emergency alerting system — Alert Ready.

SOUTH CENTRAL ALBERTA REGIONAL
NOTIFICATION SYSTEM

Introducing a system which notifies registrants in real-time of essential alerts in the region.

To get started, register online at **www.scarnotify.ca** then choose the options that matter to you.

1. Choose the way you want to be notified:

The SCAR Notification System provides residents with several options to stay up-to-date with accurate, real-time information from the local RCMP as well as participating municipal partners.

In addition to communication, we are actively working towards reducing crime through awareness, crime prevention, and by reporting suspicious activities in the region.

By Text

By E-Mail

By Phone

2. Choose the notices you want to receive:

Rural Crime Alerts

Emergencies

Fire Bans

Service Interruptions

Road Construction and Closures

Road Bans
